

We have been so VERY pleased with the no-call service. We have not been bothered by all of these calls that don't even apply to our lives or our lifestyle anymore. Please, please continue with the no-call service. We are entitled to phone service that we are paying for, without all of the bothersome phone calls that come through at all times of the day. As for the bankers. If I take my business to another bank, it was done for a reason and I do not feel that I should be bothered with them soliciting my business again. If they cannot offer me services that please me I should be entitled to change to another institution without being harassed. If I want anyone's services, I will find those services on my own. Thank you for allowing me to voice my opinion. Katherine Hansen
